TCC Concept Limited Launches “MyFlopy.com” – A Revolutionary Indian Cloud Storage Platform

Pune, September 12, 2025 – TCC Concept Limited proudly announces the launch of **MyFlopy.com**, a pioneering cloud-based data storage solution designed for both individuals and corporates. With this launch, the Company takes a significant step towards redefining digital data storage in India while aligning with the Government’s vision of **Atmanirbhar Bharat**.

MyFlopy.com offers users the convenience of storing their data securely on the cloud with the assurance that all storage is managed **within India’s borders**, ensuring enhanced data sovereignty and compliance with domestic data protection standards. To encourage widespread adoption, **up to 10 GB of storage will be provided free of cost** to every user.

The application is available on Android, empowering access to India’s massive mobile user community, the second largest in the world.

Speaking on the launch, Mr. Umesh Sahay, Managing Director of TCC Concept Limited, said:

“We believe MyFlopy.com will empowers users with secure, reliable, and indigenous data storage solutions. By keeping all data within India, we are not only supporting the vision of a self-reliant India but also setting new benchmarks for trust and technological excellence in the industry.”

With its user-friendly interface, robust security framework, and scalable solutions for enterprises, MyFlopy.com is positioned to **transform the industry landscape** by offering a cost-effective and India’s alternative to global cloud storage services.

This initiative underscores TCC Concept Limited’s commitment to innovation, sustainability, and national priorities, while creating long-term value for its stakeholders.

About TCC
