Company Overview

Multiple High-Growth Engines with Clear Monetisation Pathways

A strategic enterprise building a diversified portfolio across **PropTech, infrastructure, digital platforms, and consumer ecosystems**
Evolving into a future-ready platform by combining deep commercial real estate expertise, robust digital infrastructure and smart, technology-driven solutions

Legacy

Traditional PropTech business to scalable, technology-led Real estate solutions

3 pillars

Our Expertise

- Commercial real estate solutions
- Ai-led Data Analytic platform
- Enterprise data centre infrastructure
- Category-leading omnichannel furniture platform

TCC Presence

PropTech

Artificial Intelligence

Data centres

Cloud Infrastructure

Consumer Tech

Multi Segmental Synergy

End-to-end ecosystem converting demand into revenue through integrated infrastructure, intelligence and fulfilment
Multiple high-growth engines driving scale, margin expansion, and long-term value creation

Structural Growth & Value Creation Drivers

AI/SaaS + Data infrastructure

- High-margin, recurring revenue engines with strong monetisation visibility
- Stability underpinned by long-duration PropTech & Infra cash flows

Platform transformation

- Transitioning into a diversified multi-engine growth platform
- Evolving from legacy operations to an integrated Digital + Consumer ecosystem

Scaling Consumer Tech

- Scaled consumer commerce platform with omnichannel reach and supply chain advantage
- Accelerates platform diversification and strengthens consumer ecosystem presence

Synergy Upside

- End-to-end value chain integration driving superior unit economics
- Improved conversion, fulfilment efficiency, and margin expansion

Strong Financial Momentum

- Strong earnings trajectory with expanding profitability across core & emerging segments
- Operating leverage-led margin expansion potential

FY26 Revenue

₹1,794 Mn
+116% YoY

FY26 EBITDA

₹1,243 Mn
~69% margin

FY26 PAT

₹648 Mn
+54% YoY

(FY26 Consolidated)

Board of Directors

Umesh Sahay

Chairman & Managing Director

- First-generation entrepreneur
- Brings about 20+ years of experience
- Has been awarded by various prestigious organizations over the years
- Expertise spans Real Estate, Data Centre Infrastructure, IT & ITES sectors in India

Abhishek Narbaria

Director

- Holds a Master's degree in Computer Science
- Technocrat entrepreneur with proven leadership
- 20+ years of experience in building and shaping organizations

Nikhil Dilipbhai Bhuta

Director

- Chartered Accountant with 25+ years of entrepreneurial leadership
- Served as CFO, Country Head & CEO across multiple businesses
- Cross-industry experience with strong operational depth
- Raised capital on BSE (India), TSX (Canada) & AIM (London)

Independent Directors

Rajesh Vaishnav
TCC

- 27+ years of entrepreneurial business experience
- Founder of the greeting card industry in India
- Scaled operations to 375+ stores across 110+ cities in India & neighboring markets

Gayathri Iyer
TCC

- Author, Chartered Accountant, Mentor & Certified IFRS (ACCA)
- 25+ years as Consulting Entrepreneur across diverse sectors
- Led audits for Tata Tele, Tata Realty & Infra, Mount Everest, WTC & Future Group Retail

M. Srinivas Rao
Pepperfry & TCC

- Internationally acclaimed business visionary & strategist
- Associate with ITC, IRRI, ICRISAT, TIE & BMGF
- B.Com (Hons), Delhi University; MBA, Asian Institute of Management (Philippines)
- Recognized by USAID, IRRI, BMGF & U.S. Dept. of Agriculture

Tarun Agarwal
Pepperfry

- Chartered Accountant & Company Secretary
- 35+ years of financial and strategic leadership
- Expert in project financing, structured funding, and corporate governance
- Led ERP implementation, compliance frameworks, and internal control systems

Supported by Key Managerial Personnel / Leadership Team

Ashish Shah
CEO & WTD
Pepperfry

- Co-founder & CEO (since 2012), leading category, BD, CX & Supply Chain at Pepperfry
- Built India's leading furniture marketplace
- 20+ years' experience; scaled eBay Motors India to a \$100Mn business

Prasoona Mishra
Director
TCC Subsidiaries

- 20+ years of B2B sales leadership across marketplaces, travel tech, SaaS & insurtech
- Scaled corporate vertical to ₹60 Cr revenue; secured major enterprise accounts
- Led high-impact enterprise acquisitions including during COVID
- Launched India's first Real Estate AI model; 10,000+ downloads in 45 days

Sanjay Netrabile
Chief Technology Officer
Pepperfry

- Architected Pepperfry's tech infrastructure from inception and continues to lead innovation
- Built a scalable cloud-based ecosystem & analytics platform
- Over 26 years of experience in software engineering

Hussaine Kesury
Chief Business Officer
Pepperfry

- Leads Pepperfry's omnichannel expansion across COCO & FOFO studio formats
- Instrumental in growing company turnover multi-fold
- Strong leadership experience across e-commerce and offline retail

Rahul Shah
Chief Financial Officer
TCC

- Chartered Accountant with 15+ years including Big 4 experience
- Leads complex tax & compliance across USA, UK, Africa & UAE
- Speaker at ICAI & contributor to BCAS committees

Madhusudan Bihani
Chief Financial Officer
Pepperfry

- Leads Corporate Strategy, Fundraising, Finance, IR & Legal at Pepperfry
- Previously at Dragon Capital, IndusInd Venture Advisers, and Nissan
- Chartered Accountant with strong multi-industry exposure

Pepperfry Acquisition:

Strategic Acquisition

Pepperfry Acquisition: Strategic Rationale & Snapshot

Entered into a category-leading omnichannel consumer commerce platform

Unlocks scaled consumer commerce platform + B2B synergy

Strengthened tech-enabled ecosystem

Strengthened presence in e-commerce and digital marketplaces with strong brand equity

Creates synergy with TCC's digital expertise and platform approach

Scalable marketplace integration unlocking operational synergies and new growth opportunities

Strengthens TCC growth trajectory while other verticals scale in parallel

Pepperfry acquisition accelerates scale in consumer commerce; other verticals build long-term platform defensibility

Value Creation Opportunity Post Acquisition

Unlocking Next Phase of Value Growth

Enhanced Growth Platform

Value Upside

Transition from a standalone consumer platform

Part of an integrated multi-engine ecosystem

Strategic Synergy

Value Creation

Integrated demand funnel

Cross-sell opportunities

Supply chain efficiency

Technology + data advantage

Platform Scale-Up

Driving Margin Expansion & Execution Strength

Pepperfry becomes a scale engine within a broader multi-vertical platform

Improved unit economics through Pepcart-led fulfillment

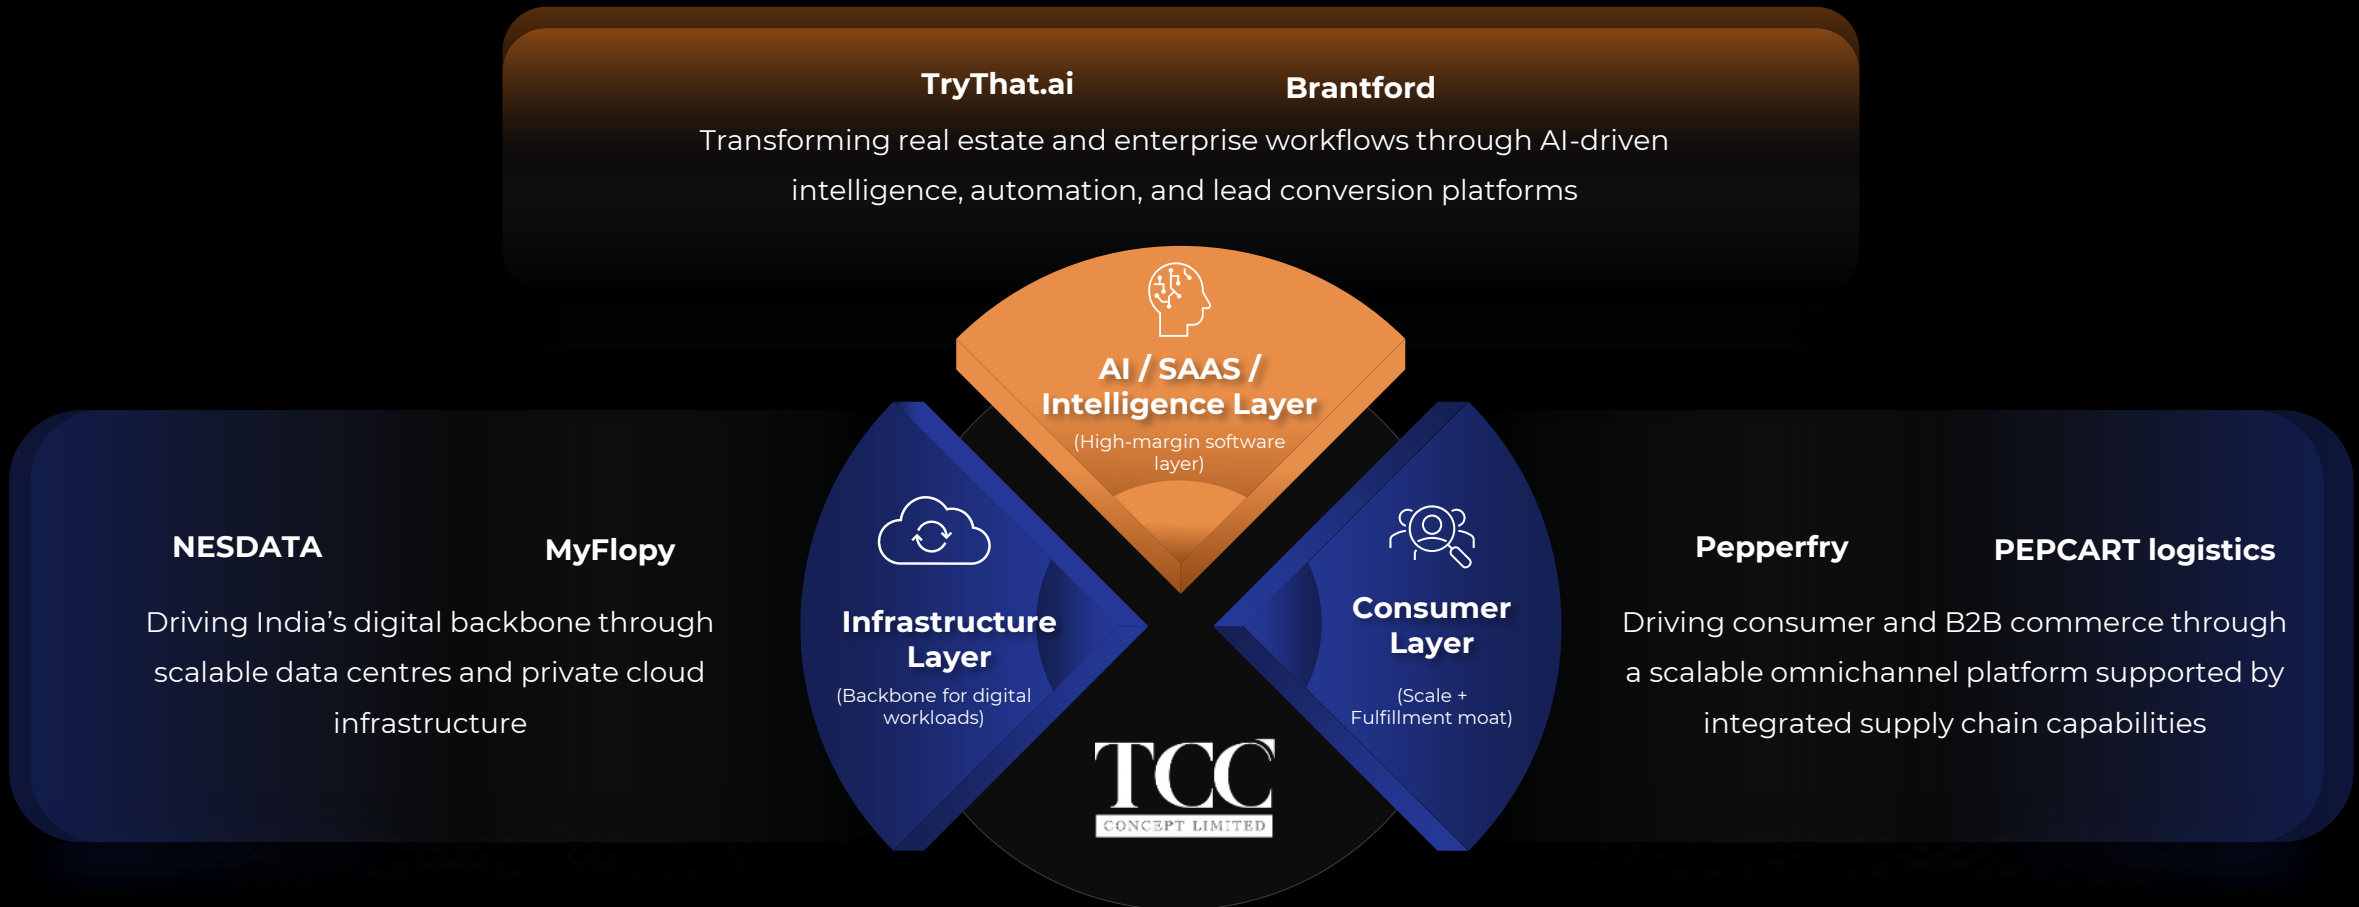

Strong Sponsor (TCC) Backing & Execution Capability

Business Overview

TCC Ecosystem Architecture (Business Segments)

Balanced portfolio approach: each vertical is a growth engine; Pepperfry is a scale catalyst

Unified vision: leverage data, collaboration and sustainability to build resilient, scalable businesses

Growth accelerator within a broader ecosystem

What we do

Technology-led omnichannel marketplace enabling customers to discover, customize and purchase furniture & home products via online + studios; supported by integrated supply chain

Revenue streams

- Marketplace commissions
- Private label sales
- Omnichannel presence
- Bulk procurement solutions
- Value-added offerings such as assisted buying, installation, & after-sales support.

Monetisation status

Established monetisation with diversified revenue streams across marketplace, D2C brands and B2B

D2C Brands - Home Grown By Indian Artisans

An additional portfolio of in-house D2C brands to address specific gaps across design styles and price points.

| | |
|------------|------------|
| Amberville | Mintwud |
| Mudramark | Woodsworth |
| CasaCraft | Bohemiana |

✓ Differentiation

Differentiated via **brand equity**, assisted buying, and end-to-end logistics capabilities

Connects customers with a **wide network** of national brands, regional manufacturers, MSMEs, & in-house (D2C) brands

Unified Ecosystem
Thousands of designs across furniture, décor, & home essentials

Through institutional and bulk buying offerings, it supports large-scale furniture sourcing and turnkey project execution

pepperfry : Category-Defining Omnichannel Leader

Pepcart: Big-Box Supply Chain Backbone

Proprietary big-box logistics network supporting national scale

What we do

Specialized large-box supply chain and logistics platform enabling national delivery, installation and after-sales support for furniture and home goods

Revenue streams

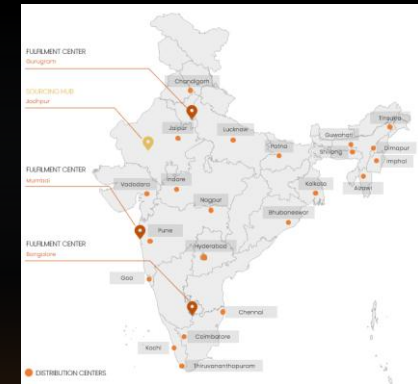

- Fulfillment and logistics services (first mile, last mile)
- Warehousing and distribution services
- Managed direct-ship and 3PL enablement

Monetisation status

Operating infrastructure platform
Monetisation via logistics & service revenues

Large Distribution Network

25 Distribution centres
3 Fulfillment centres
200+ Custom-built last-mile vehicles

✓ Differentiation

Best-in-class performance
Lowest Transit Damages

3 large warehouses with 42k+ SKUs capacity

25 distribution centres operating at 80%+ average capacity utilization

200+ Custom-Built Vehicles for Last-Mile Delivery

500+ Supply Chain Staff [Delivery & Assembly]

Pepcart: Big-Box Supply Chain Backbone

Current traction

Infrastructure

Fulfilment centers + Distribution centers + Last-mile fleet

<1.5%

transit damages

9,500+

pin codes

300+

cities

Near-term priorities

Improve delivery speed & reliability and reduce cost per delivery

Scale network in high-demand corridors

Maintain global-best damage rate and NPS

Industry Tailwinds

E-commerce & Demand for Faster Fulfillment

Rapid growth in online retail driving need for scalable supply chain platforms

Increasing demand for faster delivery and efficient order processing

Integrated & Digital Supply Chain Adoption

Shift toward end-to-end digital platforms for procurement, warehousing, and distribution

Growing need for real-time tracking, visibility, and operational control

Cost Efficiency & Last-Mile Optimization

Focus on reducing logistics costs and improving delivery efficiency

Adoption of tech-enabled solutions for route optimization and last-mile delivery improvements

TryThat.ai, a single AI-driven platform created by AltRr that helps real estate professionals engage, transact, and grow (beyond listings)

What we do

AI-driven full-stack platform enabling lead generation, engagement, and data-backed decisioning across the real estate lifecycle

Revenue streams

- B2B subscriptions for developers/brokers/enterprises (project / portfolio)
- Usage-based add-ons (messaging/calling) as applicable
- Enterprise licensing and premium analytics (future)

Real Estate AI Super App

Property Search & Lead Generation Platform

B2C

Free adoption engine (with limits)

B2B

Private AI agents for builders/projects

Solves buyer discovery, lead qualification, broker interaction and builder sales cycle inefficiencies

Monetisation status

Monetisation underway with a recurring subscription-led pathway
Expand with usage-based pricing

✓ Differentiation

Primary revenue engine: subscription model for builders/projects

Indicative pricing: ₹50,000 to ₹2,00,000 per project

Usage-based pricing add-ons: WhatsApp messaging and AI calling

Data foundation: structured real-estate specific datasets (govt/public + proprietary + builder data)

Privacy-first: enables AI-driven interaction without forced lead sharing

Current traction

Product modules

Try Connect | Access Leads | Lead Generation | Create Conversations

Use cases

Lead scoring Smart CRM Analytics Workflow automation

Tool roadmap

Productivity CRM

OKR Tracker

Recommendation engine

Facility management

Near-term priorities

Scale B2B onboarding and conversions

Expand capabilities across CRM and workflow automation

Deepen data coverage and model accuracy

Industry Tailwinds

Personalization & Digital Customer Experience

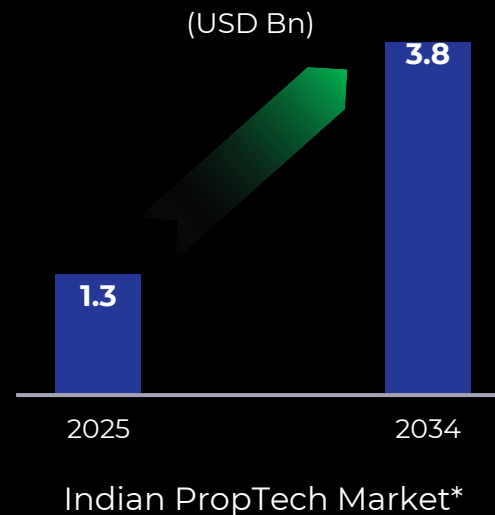

Growing demand for AI-driven, personalized property journeys, research and recommendations

Enhanced engagement through virtual tours, chatbots, and intelligent interfaces

Data-Driven Insights & Decision Making

Rapid growth of AI-led PropTech ecosystem driving innovation and adoption

Faster and more informed buying decisions

Private cloud on user-owned hardware with full data control

What we do

Private cloud platform enabling individuals and enterprises to create their own cloud on user-owned hardware with secure remote access

Designed for individuals, professionals, startups, and enterprises

Revenue streams

- Device / solution sale and enablement
- Enterprise deployments and managed services
- Potential ecosystem integrations with infra layer

Monetisation status

- Go-to-market phase
- Monetisation through deployments and solution sales

✓ Differentiation

Target customer segments (SMEs, professionals, privacy-focused users)

B2B and B2C offerings complete; go-to-market phase underway

Create a personal cloud using existing storage hardware with full control over data location and connectivity.

Access files remotely from anywhere and share securely with selected groups

Remote access and secure sharing; no recurring cloud subscription fees

Current traction

- B2B and B2C offerings developed
- Website live; hardware provisioning in progress
- Go-to-market phase underway

Near-term priorities

- Finalize pricing and commercial packaging
- Accelerate initial deployments and customer onboarding
- Build partner-led distribution model

Industry Tailwinds

Growing Concerns Around Data Privacy & Ownership

Increasing awareness among users and enterprises to retain control over their data

Shift from centralized cloud providers to user-owned & secure private cloud solutions

Indian Cloud Computing Market*

*imarc

Rising Adoption of Edge & Decentralized Computing

Demand for localized & decentralized storage to reduce latency & dependency on hyperscalers

Growth in edge computing driving need for distributed cloud models

Data center colocation and infrastructure solutions provider

What we do

Digital infrastructure platform designing, building and operating enterprise-grade, energy-efficient data centres for colocation and hosting

Revenue streams

- Colocation (private suites & shared racks)
- Hosting / managed infrastructure services
- Modular capacity expansions (2-100 MW formats)

Secure, high-uptime environments
with robust power, cooling and connectivity

Supports enterprises'
cloud-led digital transformation

Flagship facility:
Hinjewadi (owned & operated infrastructure)

Monetisation status

- Infrastructure-led recurring revenue model (colocation/hosting)
- Scale driven by capacity & utilisation.

✓ Differentiation

Secure Data Center
Enterprise-grade facilities with strong security and controlled environments.

Reliable Power & Cooling
Redundant power systems and efficient cooling ensure uninterrupted operations.

High Uptime & Connectivity
Robust network connectivity designed for continuous availability and performance

Target Sectors
Enterprise, Hyperscale, BFSI, SaaS

Current traction

- Commissioned: **4 MW Tier-III DC** in Pune with 304 racks (15 high-density)
- Deployment of Edge & Pre Fab Tier 3 facilities in Pune
- Blueprint: **100 MW hyperscale campus**

Near-term priorities

- Execute capacity roadmap and commission new facilities
- Drive utilisation and enterprise customer acquisition
- Build edge DC strategy aligned to Tier II/III demand

Industry Tailwinds

Addition in GW Capacity (India)*

(*GRI Hub)

Rising Demand for Cloud & Colocation Services

Rapid adoption of cloud computing, SaaS, and enterprise digital transformation

Increasing requirement for distributed data centers and demand for localized data storage

Growth in Data Consumption & Digital Economy

Surge in data generation driven by e-commerce, OTT, IoT, and 5G adoption

Higher demand for high-capacity, low-latency data center solutions

Digital marketing + branding platform tailored for real estate professionals in enhancing their visibility and generating leads

What we do

Digital-first commercial real estate platform providing flexible workspace solutions through a tech-driven, zero-brokerage model offering comprehensive tools for branding, marketing automation, and lead management

Revenue streams

- B2B engagement with developers / property owners (zero-brokerage)
- Value-added services across site matching, due diligence, fit-outs

Monetisation status

- Established B2B monetisation model
- Strengthening analytics and platform capabilities.

✓ Differentiation

Early traction: MVP onboarding of 10 paying clients within 45 days

RE Focused Marketing
Built specifically for realtors, enabling targeted digital campaigns and visibility.

Lead Generation Engine
Captures, nurtures, and tracks leads to improve conversion efficiency.

Sales Automation
Streamlines marketing, follow ups, and customer engagement to save time and scale sales

Current traction

- Pan-India presence
- **120+** consultants across 8 cities
- **100+ leads generated per day** via tech-enabled model

Near-term priorities

- Deepen client analytics and personalised space offerings
- Expand marketplace to new geographies and asset classes
- Build ecosystem of service partners for end-to-end solutions
- PAN Maharashtra launch roadmap in progress

Feature set to visualise: SMS, WhatsApp campaigns, social toolkit, AI content generator, CRM

Phase 2: mobile-first content + listings + short-video creation + distribution

Industry Tailwinds

Shift Toward Flexible & Managed Workspaces

Growing demand for flexible, plug-and-play office solutions from startups, SMEs, and enterprises

Preference for asset-light, scalable workspace models over long-term leases

Digital Transformation in Commercial Real Estate

Increasing adoption of tech-enabled platforms for property discovery, leasing, and management

Rise of zero-brokerage, transparent, and data-driven transaction models

Evolving Work Culture & Enterprise Mobility

Hybrid work models and decentralized offices driving demand

Increasing need for managed office solutions in Tier 1 and emerging cities

Growth Strategy & Way Forward

Consolidated Growth Strategy & Drivers

Revenue potential

*FY26 Revenue includes annualised revenue of Pepperfry

Strategy

Scale monetisation
Expand geographies
Deepen B2B deployments
Expand AI monetisation

PAN expansion
Broaden product suite
Increase ARPU

Capacity build-out and Enterprise customer acquisition
Build 100 MW data infra
Expand Tier II/III presence

Deepen omnichannel footprint
improve unit economics
expand B2B

Expand network efficiency
Improve delivery speed and service quality
